Place and date

A complaint must always be made in writing and, as a rule, signed by at least two persons who live in different apartments and who have suffered from the disturbance. In order for necessary measures to be taken as a result of the complaint, disturbances and their dates and times must be specified as precisely as possible on the form.

The complaint should be submitted to the property manager for your building. Upon receipt of a complaint, the property manager will take the necessary measures without delay. The property manager will not disclose the identity of the authors of the complaint to the person against whom the complaint is directed.
